### Who we are...

The Innovative Health Alliance of New York, LLC. (IHANY) is a collaboration among doctors, health systems, and health care providers in New York's Capital Region aimed at improving the health of the communities we serve by working together in new, more coordinated ways. In today's evolving health care landscape, clinical integration is essential to achieving better health for the community, better care for individuals, and lower costs of health care.

### This Month's Priorities

- **As an ACO, it is important that we bring focus to addressing the needs of our patients with the highest disease burden...** In April, the IHANY team began sharing reports centered on managing these members and addressing their risk and quality gaps. We shared how we will be managing this data with our primary care physician (PCP) practice leads through feedback and bi-monthly meetings. If you have any questions around this process please reach out to [Brian Pinga](#)

- **Annual Wellness Visits:** Addressing Annual Wellness Visits (AWV) for our Medicare (ACO and Advantage) populations is a year-round effort. **Our target for CY 2022 is 50%.** The IHANY team has developed a Medicare AWV Patient Education document you can utilize for outreach and education.
